"METS" ADOPT  
AMENDMENT FOR  
HOME TENNIS RULE

Local Association Demands  
Representation in National  
Executive Committee of U.  
S. L. T. A.

At a meeting of the Executive Committee of the Metropolitan Tennis Association held at the Yale Club last night plans to secure home rule for the local clubs through an amendment to the Constitution of the United States Lawn Tennis Association, were agreed upon and the amendment framed. According to the new amendment the Metropolitan Association will have its own delegate as a member of the National Executive Committee representing what will be known as the metropolitan section. Eighty clubs, representing a voting strength of approximately 10,000, constitute the Metropolitan Association. It was pointed out by Charles Chambers, president of the association, that it was impossible for R. Lindley Murray, the under-19 sectional delegate, to function properly from Buffalo. That the bulk of the competitions were a range of 50 miles and not satisfactory. If the proposed amendment passed at the national meeting the metropolitan district will be self-governing, as is the West and the Pacific Coast, in the deciding of tournaments.

Another important feature of the meeting was the debate upon the subject of seeding the draw hereafter in national and other championships. It developed a difference of opinion that was not completely settled. It was an even break between those who wished the change in the rules only to apply to the national championship and those who declared that the suggested change must apply to all tournaments or to none. This difference of opinion made it evident that the vote of the Metropolitan Association will be split upon some matters in the national session and a solid unit on others. There is a distinct difference of opinion, for instance, upon the advisability of continuing invitation tournaments under a national sanction or of disregarding them altogether in the awards of next season. Upon the election of officers for the national association the Metropolitan Association will vote as a unit, it being understood that Julian S. Miles will seek reelection as President.

Basketball Champions Extended  
By the All-American Team

Title Holders Manage to Win  
After Hard Battle at 69th  
Regiment Armory.

A crowd of about three thousand witnessed a hard-fought battle last night at the 69th Regiment Armory, when the Original Celtics subdued the All-American team. The final score, 23 to 17, does not indicate the fight that the Yankees put up to claim a victory over the champions. Smythe and Powers played the game to win for their team, but the superlative work of Johnny Beckman and Delbert counterbalanced their efforts.

Throughout the first half of the game, the Celtics had things their own way. When the whistle for the end of the initial session was blown, the Shamrock team held the best position in a standing of 17 to 8. However, the Americans took the court for the second half with a grim determination to show their stuff, and they used all their energy, but without attaining the result they wished. The All-Americans have a fast aggressive team, but the Celtics' speed which they displayed were insufficient to gain the glory which they would have gained had they trimmed the champs.

**OTHER GOSSIP.**  
Lew Damico, former St. John's College star, has been secured to play with the Brooklyn team and will make his first appearance in a "B" uniform Sunday afternoon at Arcadia Hall.

In the future all games played by the All-New Yorks at Manhattan Casino will be under Eastern League rules. Glass backboards have been not in, which afford the spectators full view of all plays.

The Jersey City cops are on the warpath. The Police Masters, all members of the Jersey City force and for the last two years municipal champions of the East, have been granted permission by the Director of Public Safety to play independent teams. The cops will make their first appearance in this city Sunday. The team has several open dates and would like to hear from the leading New York, Jersey and other fives. Address: Lieut. Butterfield, No. 152 Lincoln Street, Jersey City, or telephone Webster 4784.

Irving Warsaw, manager of the Bronx Stars, formerly the Bronx Giants, registers what appears to be a legitimate complaint. Irving claims his team is one of the best in the East, winning 48 of 51 games played last year, but that none of the local managers will book the five. He is anxious to hear from the All-American League, the Italian Catholic Club, MacDowell League, Stuyvesant Big Five, etc. Why don't one of those managers book Irving's team and see just how good they are?

Union Big Five, one of this city's leading fiveights, has won a record of twenty-five victories out of thirty games last year, will open the season to-night with the Staten Island Whirlwinds as opponents. The home

quintet will line up with Emmerich, Fencion, Carter, Kelsch and Maguire. The New York Giants quintet, managed by Charlie Brickley, in the future will play under the name of the New York Whirlwinds. Contests will be staged every Saturday night at the 22d Regiment Armory.

DON LOURIE AWARDED  
POE MEMORIAL CUP.

PRINCETON, N. J., Nov. 4.—Donald B. Lourie of Peru, Ill., All-American quarterback in 1920 and field general of this year's Princeton team, was awarded the Poe Memorial Cup for 1920, last night, by President John Grier Hibben at the final mass meeting of the undergraduate body before the Harvard game to-morrow.

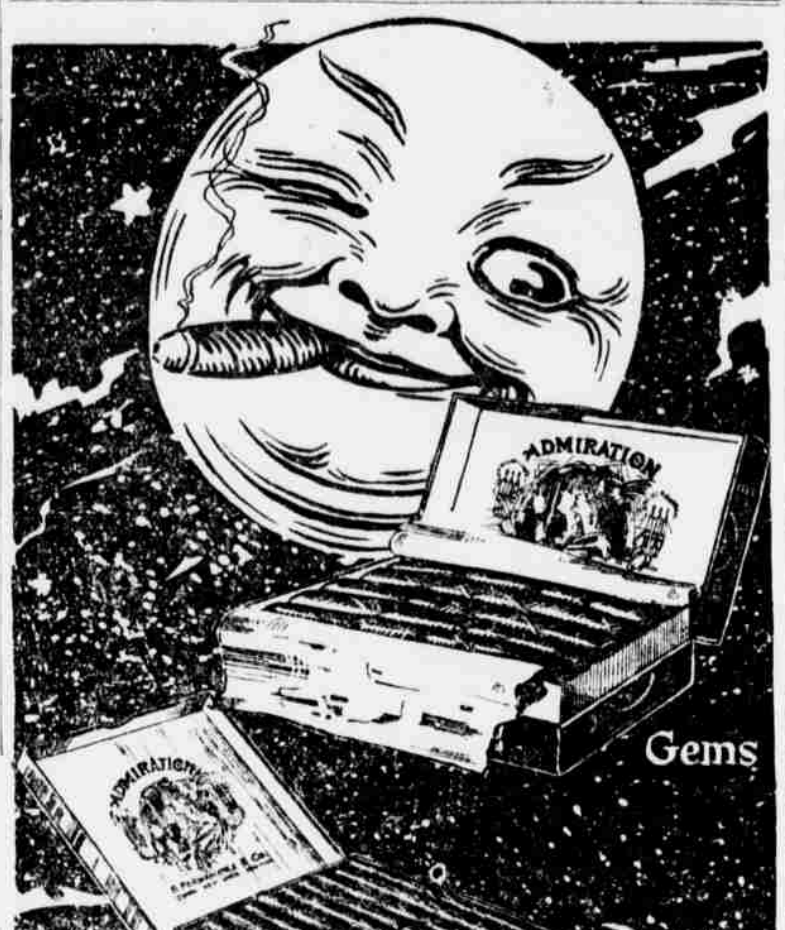

The award is made yearly by Mrs. John P. Poe of Baltimore, in memory of her son, Johnny Poe, of Princeton football fame, who was killed in action in France with the Black Watch. According to the inscription it is given to "that member of the football team who best exemplifies loyalty to Princeton, courage, determination, fairness in the game, self control and modesty."

The only others who have received the cup are A. C. Gennert, centre of the 1917 eleven, and R. M. Trimble, star halfback of the 1919 team.

**Women Students Can Buy Harvard Tickets.**

CAMBRIDGE, Mass., Nov. 4.—For the first time in the history of athletics at Harvard women are to be allowed tickets for the football game with Yale. The Harvard Athletic Association today ruled that women who are taking full time work in the graduate school of education are eligible to ask for tickets just as the men in the graduate school.

There are thirteen feminine enthusiasts anxious to cheer for the football team two weeks hence and each will be allowed one ticket.
